Subject: Elimination of PSE On BLF and FLA Series Products

Document# LFPCN_PG0108 Date: 9/11/2019

This letter is to inform Littelfuse Sales, Sales Support & Customers of the elimination of the PSE mark on BLF and FLA series products. These product families are not popular in the Japanese market and maintaining the certification is not viable given current levels of customer interest. The products have not changed in any regard and will continue to perform in the same manner they always have.

For additional product information and fuse options that do have PSE certification please contact your Littelfuse Representative.

Sincerely,

Expertise Applied Answers Delivered

Craig Greeson Product Manager 8755 West Higgins Road /Suite 500 Chicago, IL, 60631 cgreeson@littelfuse.com www.littelfuse.com
